

Team Update 16

General

Inspection Checklist

Rev. 2 of the [Inspection Checklist](#) is available on the [Season Materials webpage](#). Revision corrects “Actuators” line to match the 2025 Manual and includes other minor text edits.

Game Manual

6.5.1 SCORING ELEMENT Scoring Criteria

A CORAL is scored in the trough (L1) of the REEF if it is not in contact with a ROBOT on that ALLIANCE, not scored on any other level of the REEF, and

- A. contacting the trough, or
- B. **directly supported (either** fully or partially) supported by a CORAL in contact with the trough.

7.4.5 Human

G429 *No wandering. A DRIVE TEAM member must remain in their designated area as follows:

- A. ...
- B. ...
- C. a HUMAN PLAYER may not contact anything outside the **their** ALLIANCE AREA or **their** PROCESSOR AREA ~~in which they started the MATCH~~, and
- D. ...

8.6 Power Distribution

R609 *Connect main power safely

No additional devices or modifications shall be permitted with the following exceptions:

- E. Monitoring circuitry permitted by R625
